RULES OF PLAY + ON COURSE FEATURES

Tees

Red Tees (Men) | White Tees (Women)

Format: Scramble

Everyone on the team hits their tee shots. Choose the one you want and everyone hits from that spot. You may place the ball within one club length of the ball chosen, no closer to the hole and staying within the same condition (if the ball is in the rough, you cannot put it on the fairway). Continue in this manner until the ball is holed out. On the green, mark the ball chosen. All other balls should be placed within a few inches of the marker.

On Course Contests and Refreshments

Hole #3	Snack and Beverage Stand
Hole #6	St. Helen’s Corn Beef on a Bagel Station
Hole #7	Men’s Closest to the Pin
Hole #9	Women’s Longest Drive
Hole #10	Hole-in-One
Hole #12	Massage Station & Raffle Tickets
Hole #15	Women’s Closest to the Pin
Hole #17	Snack and Beverage Station
Hole #18	Men’s Longest Drive Poutine and Scotch Tasting Station

A U T O M O T I V E

PROUD SPONSOR OF THE 5TH ANNUAL PROSTATE HEALTH CLASSIC.

THANK YOU FROM THE COMMITTEE

We are excited to welcome our sponsors and partners to the second annual Prostate Health Classic. When we set out to create a fundraising tournament last year in support of prostate cancer research at Sunnybrook, we didn't predict the overwhelming response we received from our community. It moved us to see so many people come together to advance a truly universal cause: finding better diagnostic and treatment options for men battling prostate cancer.

Our second annual event is continuing that great work. With your support, Dr. Robert Nam is leading an innovative clinical trial exploring the use of magnetic resonance imaging (MRI) to diagnose prostate cancer. This method could lead to better, more detailed detection and has fewer side effects for patients.

Proceeds from today's event will support the trial, accelerating the pace of this essential research. We are grateful to all of our sponsors, golfers and friends for doing their part in support of Sunnybrook patients. Thank you, and enjoy your day on the course.

Claudio D'Uva, Ken Shaw, and Dr. Robert Nam
Co-Chairs, Prostate Health Classic 2023

Sunnybrook

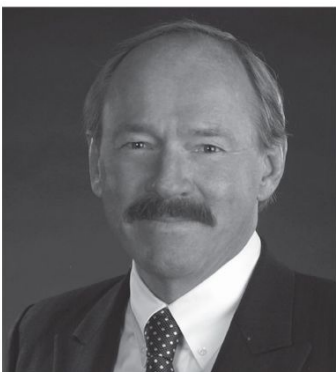

THANK YOU FROM SUNNYBROOK

Sunnybrook is a leader in personalized and precise treatments. We know that each patient is unique, so we adjust treatments to reflect the individual make-up of each person. This is a novel approach, enabled by the innovative research of experts like Dr. Robert Nam, co-chair of the Prostate Health Classic.

Today's event will support one of Dr. Nam's studies examining new methods for detecting prostate cancer. This is precisely the type of knowledge we need to shape personalized and precise treatments, and such research is made possible by events like this and the people who make them a success. To every golfer and sponsor: thank you for helping Sunnybrook invent the future of prostate cancer care.

We extend a special thank you to Downsview Kitchens as presenting sponsor of the Prostate Health Classic. And our sincere thanks to the dedicated co-chairs of this tournament, Dr. Nam, Claudio D'Uva and Ken Shaw. We are grateful for your time, effort, and deep commitment to Sunnybrook and its patients.

PROUD SPONSOR OF THE
5TH ANNUAL PROSTATE HEALTH CLASSIC

RAFFLE INFORMATION

RAFFLE INFORMATION: 1 FOR \$100, 3 FOR \$250, 5 FOR \$400

Raffle prizes (valued at \$20,000):

- 1. Extend your summer with a one-week, all-inclusive vacation for two at the Royalton Riviera Cancun Resort and Spa in Riviera Cancun, Mexico. Package includes two round-trip seats on Sunwing Airlines from Toronto.
(Note: Travel must be completed by October 31, 2020. Package is not valid for travel Nov 22-Dec 1, 2019 Dec 15-Jan 15, 2020, Feb 13-May 17, Aug 01-31 2020) **Donated by Sunwing Travel Group**
Valued at \$6,210
- 2. Indulge in the best sleep of your life with Serta's iComfort mattress. Its gel memory foam is formulated to relieve pressure points for increased comfort. The adjustable base allows you to move the head or foot of the mattress with a wireless remote.
Donated by the Sleep Factory
Valued at \$10,000
- 3. Samsung 55" Series 8 Smart 4K UHD TV - See what you've been missing on a crisp, clear picture that's 4X the resolution of Full HD. Samsung OneRemote automatically detects and controls all your connected devices and content. Samsung Premium UHD TV, from finish to function, a thoughtful design that amazes. The sleek, clean design looks attractive from any angle. Package includes soundbar with wireless subwoofer and an UltraHD Bluray player, all with a two year warranty. Certified refurbished.
Donated by MTC Factory Outlet
Valued at \$1,999
- 4. Enjoy a round of golf at both Eagles Nest Golf Club and Granite Golf Club. After, you will be the host with the most with all your new party favours to stock the bar! This one stop shop will keep you feeling festive long past Labour Day.
Valued at \$2,000

ABOUT THE CAUSE

INVENTING THE FUTURE OF PROSTATE CANCER CARE AT SUNNYBROOK

For the more than 21,000 Canadian men who are diagnosed with prostate cancer annually, early detection is key. The earlier the cancer is discovered, the better the chance of effective treatment and meaningful recovery.

For this reason, Sunnybrook's prostate cancer experts are focused on improving diagnostic techniques for their patients. One of our high-profile clinician-scientists is Dr. Robert Nam, co-chair of the Prostate Health Classic. He is globally renowned for developing the Sunnybrook Prostate Risk Calculator, among other achievements.

Funds from the 2019 Prostate Health Classic will support one of Dr. Nam's ongoing clinical trials comparing the diagnostic capabilities of magnetic resonance imaging (MRI) versus the widely used prostate-specific antigen (PSA) blood test. Men are routinely screened with a PSA test, and troubling results generally lead to a biopsy. But previous research suggests that MRI is often better at detecting cancerous tumours than biopsy, as it is better able to distinguish the location and type of tumour. MRIs are also less invasive and have no risk of infection.

DIAGNOSING PROSTATE CANCER WITH UNPARALLELED ACCURACY

Dr. Nam launched the trial in 2017, randomizing half of the participants to receive a PSA test and half to receive an MRI. To date, he has recruited approximately 500 of the 1,000 patients he needs to complete the trial.

Your support for the Prostate Health Classic will enable further patient recruitment and cover costs like imaging time. You are helping Sunnybrook conduct life-changing research that will lead to better outcomes for men with prostate cancer. Together, we are inventing the future of prostate cancer care.
